MEMORANDUM FOR: [ ] Co-Chairman, Management  
Advisory Group

I thank you and your fellow MAG members for the opportunity to meet with you the other evening and the courtesies which you and they extended to me. I found the evening very stimulating and an experience which confirmed the high regard we have for the Management Advisory Group.

As agreed I attach a number of copies of the recent [ ] I also attach copies of papers on minorities. With the exception of my Memorandum for the Record of 24 March these papers were assembled by Mr. William Bavis the Agency EEO. You will appreciate that this is not a complete set of papers received by me or by the other Deputies. Those which I have not provided include names and more detailed organizational sub-component data for this Directorate.

I realize that I came away without any reaction to my question to the MAG members concerning the alleged change in the esprit in the Agency. I would not wish to press a point which MAG members would prefer not to discuss. On the other hand, if it was more a question of oversight or running out of time and the members would care to react anonymously or otherwise we would be interested in their comments.

I have passed the comments concerning the local traffic court procedures and employee-dependent physicals to the appropriate Support components.
